However, in no event shall the levy rate be adjusted so that the projected gross tax revenue is less than 104% of the previous year's projected gross tax revenue, unless the assessed valuations produce total revenue in an amount less than 104% of the said previous year's projected gross tax revenue. An increase in the aggregate assessed valuation of each class of taxable property due to new construction or

improvements to existing real property, including beginning recovery of natural resources and newly acquired personal property, shall not be included in calculating the new tax levy for the purposes of this Section.

Instructions: Those favoring the additional levies, touch the screen until a checkmark appears in the square opposite the words "**FOR THE LEVY**", and those against the additional levies, touch the screen until a checkmark appears in the square opposite the words "**AGAINST THE LEVY**".
